

## HVAC Contractor Mercury Thermostat Recycling Collection Container Order Form

HVAC contractors with 7 or more service technicians/furnace installers or HVAC contractors in rural areas are eligible to participate in the Thermostat Recycling Corporation (TRC) mercury-switch thermostat collection program by having your own collection containers (instead of dropping off at other collection locations).

Use this form to order mercury thermostat recycling collection containers. The containers are supplied with everything needed to return out-of-service mercury thermostats to the Thermostat Recycling Corporation. TRC covers all costs to mail collected thermostats directly to them.

**DO NOT INCLUDE OTHER PRODUCTS OR LOOSE MERCURY AMPOULES. THIS MAY RESULT IN YOUR BEING REMOVED FROM THIS PROGRAM.**

Each container holds approximately 100 thermostats. You may order two so you will have one while the other is in transit. A one-time \$25.00 participation fee is required for each collection container.

Order by **December 1, 2010** and Snohomish County will pay the fee (up to 2 bins per business while funding lasts). Send order form by December 1, 2010 to:

Snohomish County Public Works  
Solid Waste Division  
3000 Rockefeller Ave., M/S 607  
Everett, WA 98201

*For each full container you send in, a replacement container will automatically be sent to you at no additional charge. You will not need to order a replacement container.*
